## EXPERIENCE

### UX/UI Designer

Visit Health - Cashless OPD and Employee Health

Aug'2025 - Present

- Designed the connected end-to-end Visit Clinic digital journey across booking, check-in, vitals, consultation, prescriptions, lab tests, medicines and follow-ups within an integrated healthcare experience.
- Redesigned offline consultation booking across Visit-assisted and self-booking flows, reducing the process from **6 steps to 3 taps** while clarifying doctor details, appointment slot selection and the booking timeline.
- Redesigned OPD reimbursements to support multiple eligible expenses in a single request.

## OTHER KEY PROJECTS IN VISIT HEALTH

### Cashless Dental flow UX revamp

- Redesigned the dental journey from consultation booking through treatment, simplifying booking steps and connecting the experience across services.
- Designed procedure-level coverage checks and flows for multiple or additional procedures, including treatment digitisation, progression and patient feedback.

### Joye X Visit integration for Employee Mental Health

- Designed end-to-end onboarding and registration flows for employee mental wellness, incorporating daily mood check-ins, emotion details and activity streaks to support ongoing engagement.

### Mamily X Visit integration for women wellness

- Designed the Womenhood Care Program journey, connecting onboarding, registration and enrollment with program access, and streamlining the transition from initial sign-up to program participation.
